PROJECT OUTLINE

CRYPTONYM: CARRERA                    Period Covered: 1 Oct 53 thru 30 Sep 54

## PART I

1. **Area of Operations:** Germany (Soviet Zone); Berlin Operations Base.

2. **Purpose:** To further the REDCAP program by means of exploiting the RED-
   CAP leads resulting from the distribution of AEPAWN propa-
   ganda.

3. **References:** Project AEPAWN; EGBA-6106, Field Project Outline.

4. **Background:** Past experience has demonstrated that the most significant
   results of the distribution of anti-Soviet and/or defection
   inducement propaganda lie in the contacts established with
   the individual recipients of the propaganda, either German
   or Russian. It is believed that an AEPAWN office in Berlin
   provides the best and most logical channel for following up
   REDCAP leads derived from the AEPAWN propaganda distribution,
   by enabling recipients of this propaganda to contact an overt
   office on safe ground.

5. **Objectives:** To set up a Berlin office using the name of AEPAWN for
   cover and to install a REDCAP agent in the office for the
   purpose outlined above.

6. **Targets:** Soviet personnel in East Germany and East Germans in contact
   with them.

7. **Tasks:** (1) To receive, debrief, and obtain an initial impression of
   the motives, willingness, etc., of visitors who, having re-
   ceived AEPAWN propaganda, come to the office on their own
   initiative to supply information or REDCAP leads or to aid
   the anti-Communist cause.

   (2) To arrange for contact between leads so developed and RED-
   CAP operational personnel of Berlin Operations Base.

8. **Personnel:** (1) ⌐      ⌐  , contract agent employed by KUBARK
   since 1951, as case officer.

   (2) ⌐    ⌐, 54-year-old Russian-born German citizen, residing
   in W. Berlin as a political refugee since 1951; bi-lingual in
   Russian and German; no previous intelligence training; cau-
   tious, security conscious, excellent listener.

9. **Clearances:** (1) ⌐    ⌐, OC #5750, 24 April 1953.

   (2) ⌐    ⌐, OC #6615, 12 August 1953.

10. **Cover:** a. [ ]—Department of the Army civilian employee.

    b. [ ] to [ ]—unspecified US intelligence service.

    c. [ ] and [ ] in performing operational tasks—AEPAMN.

11. **Contact and Communications:**

    a. Between [ ] and [ ]—by telephone to and from AEPAMN office and [ ]'s office; meetings in safe houses.

    b. With informants—at the AEPAMN office.

12. **Control and Motivation.**

    a. Control: [ ] is dependent on us for minimum living requirements. We also hold signed receipts. Control is considered adequate.

    b. Motivation: [ ] is motivated by a rejection of Communist ideas and practices and a desire to help in the anti-Communist cause.

13. **Equipment and Other Support:** TAD for low-level concealment devices suitable for distribution to contacts who desire to attempt small-scale distribution of AEPAMN material after visiting the AEPAMN office more than once.

14. **Coordination:**

    a. In the field: between the AEPAMN case officer in Munich and [ ], Chief of REDCAP in Berlin.

    b. At Headquarters: SR Division.

15. **Timetable:** The AEPAMN office was set up on a developmental basis in May 1953. There is no intended date of termination at this time.

## PART II

16. **Estimated Costs:**

    a. Initial expense (2 typewriters: 1 German, 1 Russian)   $60.00

    b. Monthly salary for [ ]     75.00

    Office rent     20.00

    Office supplies     15.00

    Informant payments and miscellaneous   15.00
               Monthly cost:  125.00       1500.00

        **Cost per year:** /$1560.00

16. **Special Problems and Commitments:**

a. The standard promise of evacuation, if possible, in case of action against West Berlin by either Soviet or DDR authorities has been made to ⊏ ⊐ This involves the agent, his wife and child.

b. The AEPAWN office in Berlin was initially set up by REDCAP, using the AEPAWN name as cover. It is anticipated, however, that the office will become an integral part of the AEPAWN program as soon as an AEPAWN member arrives in Berlin to take over the public representative functions of that organization. CARRERA will then become only one facet of the AEPAWN activities originating in the Berlin AEPAWN office. This will provide further backstopping of the cover for CARRERA. The AEPAWN office rent will be paid by REDCAP until such time as the AEPAWN representative actually uses the office for AEPAWN activities. ⊏ ⊐'s salary will continue to be paid by REDCAP. Both his salary and the office rent will be entered on the AEPAWN books as paper transactions.
